Skills

Languages: Java, JavaScript, TypeScript, HTML, CSS

Frameworks/Libraries: ReactJS, Next.js, Redux, Node.js, SpringBoot, Tailwind CSS, Eureka

Tools: Eclipse, Git, Figma, MySQL, Eclipse, Vercel, Render, Supabase.

Creative and Soft Skills: UI/UX Design, Video Editing, Photo Editing, Poetry, Sketching

Internship

Capgemini

December 2025 – April 2026

Full Stack Developer

Hybrid

- Developed scalable full-stack applications using **Java**, **Spring Boot**, and **ReactJS**, implementing **microservices architecture** with **Eureka Server**, **Feign Client**, and **Swagger**, showcasing strong **problem-solving abilities**.
- Implemented features like **rate limiting**, **Role based access**, **Global exception handler**, **Unit testing**, **Data visualization**, **JWT auth**, **Logger**, **MySQL**, **Stripe Payment gateway** demonstrating strong Production level software development skills.
- Collaborated effectively in a teams and exploring **Generative AI** concepts and developing integration solutions using **MuleSoft**.

Vighnotech

February 2025 – June 2025

Frontend Developer Intern

On-site

- Delivered lightweight, SEO-enhanced websites using **Next.js**, **TypeScript**, and **Tailwind CSS**, increasing traffic by **25%**.
- Worked closely with designers and backend developers, demonstrating strong **teamwork and communication** to build reusable components like data tables, interactive forms, and email integrations, reducing development time by **20%**.

Projects

CropDeal | *Spring Boot, Spring Cloud, React, MySQL, Stripe, JWT*

[GitHub](#) | [Live](#)

- Built a **full-stack crop trade platform** connecting farmers and dealers through **7 microservices** with a centralized API Gateway handling **JWT authentication**, role-based access control, and in-memory rate limiting.
- Integrated **Stripe Checkout** for end-to-end payment processing, **OpenFeign** for inter-service communication, **Swagger UI** across all services, **SLF4J** logging with global exception handling, **Junit** for unit testing and **Spring security**.
- Developed **3 role-based dashboards** for Farmer, Dealer, and Admin covering crop listings, deal negotiation, payment flow, crop subscriptions, and analytics using **ReactJS** and **Chart.js**.

BookCircle | *ReactJS, TailwindCSS, SpringBoot, PostgreSQL, Botpress, Googles Books Api*

[GitHub](#) | [Live](#)

- Created a full-stack **e-commerce platform** for pre-owned books, promoting sustainable reading and helping reduce the **millions of books discarded annually**.
- Added **categorical search**, personalized recommendations, Google Books API with millions of titles, **AI-powered chatbot**, and a email service improving user experience by **40%**.
- Engineered backend with authentication, profile management, and ordering system, improving checkout success rate by **20%**.

Kavi AI | *Node.js, YouTube API, Google Gemini AI, RAG*

[Video](#)

- Developed an AI-powered chatbot for YouTube live streams using **RAG (Retrieval-Augmented Generation)** architecture, enabling real-time and context-aware audience engagement.
- Integrated **YouTube Live Chat API** with **OAuth 2.0** authentication and built a Node.js processing layer with smart triggering, message validation, and anti-repetition response logic.
- Implemented a contextual knowledge base storing member profiles and chat history, allowing **Google Gemini AI** to generate personalized multilingual responses with under **2-second latency**.

Education

Thakur College of Engineering and Technology

November 2022 – July 2026

B.Tech in Artificial Intelligence and Data Science

8.27 CGPA

Leadership & Involvement

- Contributed to **Hacktoberfest 2024** with **5+ merged PRs**, showcasing collaborative open-source development and Git workflows.
- Solved **200+ Data Structures and Algorithms** questions using Java language.
- Produced **20+ technical videos** for **Shastra Coding Club & S4DS Club**, simplifying complex programming concepts.
- Qualified for the college-level **Smart India Hackathon**, leading website development and UI/UX efforts.
